OBJECTIVE/PERSONAL STATEMENT

Aspiring Junior Web Developer with hands-on experience in building responsive and dynamic web applications. Proficient in HTML, CSS, JavaScript, and modern frameworks like Vue.js and Laravel. Passionate about coding and eager to contribute to a collaborative team environment. Seeking an opportunity to leverage my skills and grow within a forward-thinking company.

WORK EXPERIENCE

Freelance Web Developer
JANUARY 2023 – MAY 2024

- Built custom websites for small businesses, focusing on responsive design and user-friendly interfaces.
- Used Bootstrap and Tailwind CSS to create mobile-first designs that improved user engagement by 20%.
- Integrated third-party APIs for various functionalities such as email notifications and social media sharing.
- Managed version control using Git, ensuring that all project files were properly documented and organized.

Programming Experience

E-commerce Website Development:

- Developed and deployed three fully functional e-commerce websites using Vue.js and Laravel.
- Implemented features such as product catalogs, shopping carts, user authentication, and payment gateway integration.
- Enhanced website responsiveness and user experience using Bootstrap and Tailwind CSS.

Front-End Development:

- Built responsive, cross-browser compatible websites using HTML, CSS, and JavaScript.
- Utilized jQuery for DOM manipulation, animations, and handling user interactions.
- Applied Vue.js to create dynamic, component-based user interfaces.

Backend Development

- Developed RESTful APIs using Laravel, connecting the front-end to MySQL databases.
- Implemented user authentication and role-based access control for secure user management.
- Worked with database migrations and seeding to maintain and populate databases.
